TRANSMITTAL OF THE OPERABLE UNIT 6 HUMAN HEALTH RISK ASSESSMENT SECTION OF THE DRAFT RESOURCE CONSERVATION AND RECOVERY ACT FACILITY INVESTIGATION/REMEDIAL INVESTIGATION REPORT (KH00003NS1A) - AMP-052-95

95-RM-ER-051-KH

Discussion and/or Comments:

Enclosed are eight copies of the Operable Unit 6 (OU 6) Human Health Risk Assessment of the Draft Resource Conservation and Recovery Act Facility Investigation/Remedial Investigation (RFI/RI) Report. The purpose of this transmittal is to provide a portion of the Draft RFI/RI Report for review prior to the delivery of the Draft RFI/RI Report. This concept was discussed in the last OU 6 project meeting with the regulatory agencies on June 7, 1995. The purpose is to ease the review period for the Environmental Protection Agency (EPA) and the Colorado Department of Public Health and Environment (CDPHE).

Comments by EPA and CDPHE are not necessary until they have reviewed the complete report. The Interagency Agreement milestone for the OU 6 Draft RFI/RI Report is October 2, 1995. The remainder of the report will be delivered to the regulatory agencies by this date.

If you have any questions, please contact Nell Holsteen at extension 6987.
